## PROFESSIONAL SUMMARY

Detail-oriented and resourceful Computer Science student with growing hands-on experience in full-stack development, automation, and systems troubleshooting. Eager to contribute to real world projects, apply evolving skills in Python, Django, .Net Core and React Native, and adapt quickly to new technologies in fast-paced environments. Seeking impactful internship opportunities where I can grow through collaboration and innovation.

## EDUCATION

**American University of Science and Technology (AUST)** – Beirut, Lebanon

*Bachelor of Science in Computer Science*

*Expected Graduation:*

*Spring 2026*

## TECHNICAL SKILLS

- **Programming & Development:** Java, C++, Python
- **Frameworks:** React Native, Django, Flutter, .Net Core
- **Web:** HTML, CSS, WebSockets
- **Back-End:** Redis, Celery
- **Tools:** Git, VS Code, Photoshop, Illustrator, Microsoft Office
- **Platforms:** Windows, Linux, macOS, Android, iOS
- **Data Handling:** Extraction, reporting, process automation

## SOFT SKILLS

- Critical thinking and Strong work ethic
- Leadership, collaboration, and adaptability
- Swift learner with a passion for continuous improvement

## PROFESSIONAL EXPERIENCE

**Holcom Group** – Corniche Al Nahr

*Software Development Intern*

*June 16 – July 31*

- Designed and implemented a full-stack service and task management platform using .NET Core (backend) and React Ionic (frontend)
- Participated in database schema design and API planning from the ground up
- Developed and tested RESTful APIs for user, task, and service workflows

- Collaborated with teammates to ensure maintainable, scalable, and user-friendly solutions

### **Liban Fruits – Dekwaneh**

*Operations Associate*

*Jul 2024 – Nov 2024*

- Leveraged Python libraries and AI tools to automate manual order handling, reducing errors
- Optimized backend data flow, resulting in a 2x improvement in task efficiency
- Prepared and verified daily invoices to ensure dispatch accuracy

### **Lebanese Army – Baabda**

*Data Intelligence Specialist & Operations Lead*

*Sept 2014 – May 2024*

- Analyzed communications data to generate insights and support operational decisions
- Created and maintained personnel data records for over 700 staff
- Launched a forensic analysis unit to investigate data integrity issues, uncover discrepancies and enhance security protocols.

### **NEWLINE Corp. / Khoury Home – Dora Branch**

*Sales & Administrative Associate*

*May 2013 – Sept 2014*

- Achieved sales targets and designed impactful product displays.
- Conducted billing, data entry, and supplier reconciliations with accuracy.

### **Samsung CTC – Nahr Al Mot**

*Mobile Service Center Intern*

*Jan 2012 – July 2012*

- Assisted in diagnosing and servicing smartphones and tablets

## **CERTIFICATIONS**

- [CS50W: Web Programming with Python and JavaScript](#) – HarvardX (edX) Oct 2024
- [Introduction to Cybersecurity](#) – Cisco Feb 2024
- [Operating System Basics](#) – Cisco Feb 2024
- [Information Technology Specialist in Python](#) – Microsoft (DMN8-4wb2) Jan 2024

## **LANGUAGE PROFICIENCY**

**Arabic, English, French**
